Sir,

I have the honor to state that the village of Nderabat of the Nyamakeli Nagasai of the Nyenchi tribe became depopulated in 1881 in consequence of the unhealthiness of the former village site meaning C. G. which is situated near a hill and in fact at the very source. The people though still holding lands in the village have gone to reside in the neighbouring villages of Nyamakeli and Kadi-Nadi, with the exception of the chief, his sons and a few Kamkamias, who have constructed their houses (4 huts houses and 9 Kamkamias huts) on survey No. 20, acres 10 39 annexed with a stony rate of R. 3.8.0. His number is in the letter of the chief. The people consult as well as the chief now express that

that the marsh land may be granted as a building site for the village. The Surveyor also has seen the site & reports that it is in a better situation than the old site and there is a probability that the people also leave for the village among best and building their houses on the new site if it is granted. I therefore request that sanction may be accorded to granting Survey Rs 20 for building purposes and to remitting the Government charges for it. An alienation statement is enclosed.

2. The old site may afterwards be given out for cultivation.

I have the honor to be,

Sir,

Your most obedient Servant,

Deputy Commissioner
